

## Bis-Acr gumming reagent

**Item number:** M8200

**Specification:** 25g/100g

**Validity:** Store at room temperature for 2 years.

### Product Description:

Used for the separation of biopolymer compounds (proteins, peptides, nucleic acids);  
Crosslinker for preparing polyacrylamide gels.

### Product parameters:

CAS: 110-26-9

English name: Bis-Acr

Molecular formula:  $C_7H_{10}N_2O$

Molecular weight: 154.17

Appearance (character) : white solid

Purity: Purity  $\geq$  99%

Solubility: 20mg/mL in Water

### Note:

1. Product information is for reference only, if you have any questions, please call 400-968-6088 for consultation.
2. This product is for scientific research only. Do not use for medicine, clinical diagnosis or therapy, food or cosmetics. Do not store in our products  
Tong Uptown.
3. For your safety and health, please wear a lab coat and operate with disposable gloves and a mask.
