

His6-Ubiquitin

Cat: P20017

Size: 1mg

Storage: -20°C , avoid repeated freeze-thaw.

Introduction

Fully functional N-terminal His-tagged ubiquitin which allows for metal chelate affinity purification of ubiquitinated proteins. Also allows for convenient immuno-detection of conjugates using His6-specific antibodies.

Product Parameter:

MW: 9.6kDa

Concentration: 2mg/mL

Buffer: 50mM PBS, pH7.0, 150mM NaCl

Purity: > 95% by SDS - PAGE

Note:

1. Transport conditions: low temperature.
2. If the biochemical reagents produced are not specially marked, they are basically non-sterile packaging. If used in cell experiments, please pre-treat them in advance.
3. Once the solution is prepared, please pack and store to avoid product failure caused by repeated freezing and thawing.
4. Product information is for reference only, if you have any questions, please call 400-968-6088 for consultation.
5. This product is for scientific research only. Do not use for medicine, clinical diagnosis or treatment, food and cosmetics. Do not store in ordinary residential areas.
6. For your safety and health, please wear a laboratory coat and disposable gloves and masks.
