

## GST-Ubiquitin

**Cat:** P20018

**Size:** 1mg

**Storage:** -20°C , avoid repeated freeze-thaw.

### Introduction

Fully functional ubiquitin with an N-terminal GST-tag (glutathione S-transferase). GST-Ub allows for glutathione affinity purification of ubiquitinated molecules and allows for immunodetection of conjugates using GST antibodies. Facilitates the facile visualization of poly-Ub chains due to larger ladder intervals.

### Note:

1. Transport conditions: low temperature.
2. If the biochemical reagents produced are not specially marked, they are basically non-sterile packaging. If used in cell experiments, please pre-treat them in advance.
3. Once the solution is prepared, please pack and store to avoid product failure caused by repeated freezing and thawing.
4. Product information is for reference only, if you have any questions, please call 400-968-6088 for consultation.
5. This product is for scientific research only. Do not use for medicine, clinical diagnosis or treatment, food and cosmetics. Do not store in ordinary residential areas.
6. For your safety and health, please wear a laboratory coat and disposable gloves and masks.
